FUNCTIONS

Place this incredible display LED Wall Clock with WHITE 8 inch numbers anywhere and you'll easily see the time from 300 feet!! It's not just a clock-it's a work of art. Constructed with 500 acrylic tubes to reflect and expand the LED light it gives an astonishing effect. The most difficult thing about this clock is photographing it! It looks even better in person than in the photograph. The clock itself uses the minimum of space to get such a huge display- only 23" x 9.5" x 3.5" deep for an 8-inch display is incredible.

Our brightest clock. It's energy efficient large WHITE LED lights (only a few dollars a year in energy consumption) can easily be seen from any angle so you'll always know the proper time. It's perfect for any home, business, school, gym, church, warehouse, etc. All employees will be on the same time schedule. Makes a perfect conversation piece.
