FUNCTIONS

This clock has a huge bright red, easy to read and use big-digit LED display- 20 inches wide, with hours minutes and seconds and with the day and date and temperature all on one screen! The remote control controls all functions so never get up from your chair! The clock can show 24 hour time or regular 12 hour time. A total of 8 separate alarms with different chimes are available plus an additional alarm you can set to ring on the hour every hour (except 9pm to 7am).

The Large Calendar Multi-Alarm LED Clock perfect for the office, the kitchen or family room. The clock has a large, super bright display 20 inches wide that show the time on top with the day of the week, the date and the temperature along the bottom. A black frame completes a very contemporary look and fits in anywhere. The Large Calendar Multi-Alarm Clock with Seconds can stand upright on a table or be hung on the wall.
