DESCRIPTION

This Giant 7" Numbers LED Calendar Clock is the perfect item for a business! 34" x 16", with a bright display. The time display is 7" tall and the calendar display is 4" tall with AM and PM LED indicators. The large, bright red digital LED displays this important information in a way that is bright, clear and easy to read! There is a total of 16 alarms which can be set and controlled remotely. Clear and easy-to-read red numbers and letters against a black background make it simple to read in bright sunlight as in darkness. The clock has an elegant contemporary look with a black casing that will fit any décor. The AC adaptor (included) plugs into a recessed outlet on the back so the clock will hang flat and even. All the functions are controlled by a remote control. The clock is simple to set and includes easy to follow instructions There are buttons on the back if you wish to set the clock manually. The clock contains a memory chip so no need to be reset if it loses power.
