DESCRIPTION

Place this GIANT 12" NUMERALS WATERPROOF OUTDOOR LED CLOCK anywhere and you'll easily see the correct time from 400 feet. State of the art and top of the line quality all-around. This clock incorporates a GPS internally to keep accurate time. If you do need to change time for any reason there is a 400 feet radio frequency remote control to operate the clock. The clock has ultra-bright LED's to increase visibility in any conditions. It is IP65 waterproof so it can stand direct weather. You can either hang from a ceiling with included rings or mount on a wall. Brackets/hardware are included. It has a non glare screen to maintain readability in high sunshine conditions.

Almost 4 feet long the outdoor clock has energy efficient large red LED lights (only few dollars a year in energy consumption) and can easily be seen from any angle so you'll always know the proper time. It's perfect for any swimming pool, outside wall. factory setting, indoor/outdoor tennis, sports venue, business, school, gym, church, warehouse, etc.
